

Experience

- 04/2024 - present** Charik Paris, France
- Chief Technology Officer (CTO)** 12/2024 - present
- Drive technical strategy and architecture decisions, aligning technology initiatives with business objectives and growth targets.
 - Build and mentor engineering teams, establishing development standards and fostering a culture of technical excellence.
 - Oversee product development lifecycle from conception to deployment, ensuring scalable solutions and optimal resource allocation.
- Team Leader** 04/2024 - 12/2024
- Managed sprint planning and roadmap prioritization, delivering features aligned with business goals while maintaining team velocity.
 - Established code review practices and technical documentation standards, improving code quality and team knowledge transfer.
 - Coordinated cross-functional collaboration between engineering, product, and design teams to drive project execution.
- 08/2023 - 04/2024** **Team Leader** Boost It Tech Alger, Algeria
- Led development teams across web and mobile projects, driving technical direction from concept through production deployment.
 - Implemented agile workflows and task prioritization systems, improving delivery timelines and team productivity.
 - Conducted regular code reviews and established engineering best practices to maintain high code quality standards.
- 01/2022 - 07/2023** **Backend Developer** Agence courier Paris, France
- Built scalable backend systems using Django and PostgreSQL, implementing RESTful APIs that supported high-traffic web applications.
 - Designed database schemas and optimized queries using Django ORM, improving application performance and data integrity.
 - Implemented authentication systems and role-based access controls, strengthening application security and user management.
- 02/2021 - 09/2021** **Software Engineering Intern** Chiali Trading - CHIALI GROUP Sidi Bel-Abbes, Algeria
- Developed time series forecasting models using Python and machine learning libraries to predict sales trends.
 - Built CRM features with Django Rest Framework and React, improving customer engagement tracking and team workflows.
- 09-11/2019** **Software Engineering Intern** NAFTAL Tiaret, Algeria
- Gained experience with enterprise systems and network infrastructure, supporting troubleshooting and maintenance tasks.

Khaled Walid Khiati

Education

- 2016-2021 Master Degree in Computer Science**
Higher National School of Computer Science (ESI)
Time Series Forecasting using Machine Learning and Deep Learning techniques.
GPA: 4.00
- 2016-2021 Engineering Degree in Computer Science**
Higher National School of Computer Science (ESI)
Implementation of a system in order to automate the commercial function in CHIALI TRADING
GPA: 3.5 (17.5/20)
- 2016-2019 Bachelor Degree in Computer Science**
Higher National School of Computer Science (ESI)

Skills

- Leadership & Management** Team Leadership, Technical Strategy, Project Management, Agile Methodologies, Cross-functional Collaboration
- Web Development** Django, Django Rest Framework, React, Next.js
- Technical Tools** Git/GitHub, Docker, Google Cloud Platform, PostgreSQL, CI/CD
- Languages** **Arabic** (Native), **English** (Proficient - Cambridge CAE Grade A), **French** (B2 - TCF)
